

Prithviraj Singh Bais

Aspiring Machine Learning Engineer | AIML Undergraduate

baisprathviraj9@gmail.com | +91 9981213748 | Dewas, Madhya Pradesh, India

OBJECTIVE

Motivated AIML undergraduate with hands-on experience in Python, C++, and prompt engineering, actively seeking an internship opportunity to apply and expand my machine learning skills in a real-world environment. Passionate about building intelligent systems and contributing to impactful AI-driven projects.

EDUCATION

B.Tech in Artificial Intelligence & Machine Learning

2024 – 2028

Acropolis Institute of Technology and Research, Indore, MP

PROJECTS

ARIA OSAgent

Developed an OS-level AI agent capable of understanding and executing natural language commands to automate desktop tasks. Leveraged prompt engineering techniques to improve instruction following and task accuracy.

Comic Translator

Built an AI-powered tool to detect and translate text within comic panels, combining image processing with language understanding to support multilingual comic reading experiences.

Zenith AI

Contributed to Zenith AI, an intelligent assistant project focused on natural language understanding and context-aware responses, applying prompt engineering and Python-based NLP workflows.

SKILLS

Programming Languages

Python, C++

AI / ML

Machine Learning (learning), Prompt Engineering

Tools & Technologies

Git, VS Code, Command Line Interfaces

Soft Skills

Problem Solving, Self-Motivated Learning, Team Collaboration

INTERESTS

Machine Learning & Deep Learning | Agentic AI Systems | Natural Language Processing | Open Source Contribution

Available for internships — open to remote and on-site opportunities.
